

User Story and Acceptance Criteria for Transaction Management Module

Module: Transaction Management

Project: Core Banking System – Kongu Co-operative Bank (KCB CBS)

Prepared By: Karthick E

Date: December 2025

Version: 1.0

1. Funds Transfer:

1.1 User Story

As a

authorized user of the Kongu Co-operative Bank Core Banking System (KCB CBS),

I want to

transfer funds from my account to my added beneficiaries account,

So that

I can make secure payments and manage my financial transactions online.

1.2 Acceptance Criteria

Given

I am an authorized user with valid credentials,

When

I select a bank account, beneficiary, Payment method and enter a valid amount, and confirm the transaction with OTP verification,

Then

the system should successfully transfer the funds and display a success message.

2. Quick Pay:

2.1 User Story

As a

authorized user of the Kongu Co-operative Bank Core Banking System (KCB CBS),

I want to

quickly transfer funds to a payee without adding them as a registered beneficiary,

So that

I can make instant and one-time payments conveniently and securely.

2.2 Acceptance Criteria

Given

I am an authorized user with valid credentials,

When

I select a bank account, Payment method and enter a valid payee account number ,amount, and confirm the transaction with OTP verification,

Then

the system should successfully transfer the funds and display a success message.

3. Add & Manager Beneficiary:

3.1 User Story

As a

authorized user of the Kongu Co-operative Bank Core Banking System (KCB CBS),

I want to

add & manage beneficiaries in my KCBC CBS Platform ,

So that

I can make secure payments and manage my financial transactions online.

3.2 Acceptance Criteria (add beneficiary)

Given

I am an authorized user with valid credentials,

When

I enter valid beneficiary details (name, account number, IFSC code, Bank and Branch),

Then

the system should add the beneficiary successfully and display a success message.

3.3 Acceptance Criteria (edit and delete beneficiary)

Given

I am an authorized user with valid credentials,

When

I edit or delete an existing beneficiary,

Then

the system should update the beneficiary details or remove them after confirmation, and display a success message.
