Screen: Login

Module: Login

Project: Core Banking System – Kongu Co-operative Bank (KCB CBS)

Prepared By: Karthick E

Date: December 2025

Version: 1.0

Login Screen

1. Introduction

The Login screen allows registered users of the Kongu Co-operative Bank Core Banking System (KCB CBS) to securely access the web platform using their username and password.

It also provides navigation options for **new user registration** and **password/username recovery**.

2. Actors & Preconditions

- **Actors:** All the users of the platform namely,
 - ◆ Kongu Co-operative Bank customers
 - ◆ Admin
 - ◆ Branch Manger
 - ◆ Loan Officer.
- **Preconditions:**
 - ◆ User must visit the KCB official website and navigate to the KCB CBS Login page.

3. Business Rules

Business Rules	
BR01	The scene sequence/ user navigation should be as per the wireframes.
BR02	System messages (Alerts, Warnings, Success, Failure messages) should be as given in the Use case table.
BR03	Validation for each field should be done as per the instructions given in “Field Level Validations” table.
BR04	The user must have completed the first-time setup in the KCB CBS platform in order to log in successfully.
BR05	When user fails to enter the OTP within time (3 minutes), the OTP already sent should become expired.
BR06	When user clicks “Resend OTP” link, system should send another OTP to user’s registered mobile number.
BR07	When the user enter incorrect password or username for more than 3 time user account will be locked, the user can either, i) Contact the KCB CBS Admin or Bank branch to unlock the user account, Or ii) Wait for 30 minutes to unlock the user account.
BR08	If the user clicks the forgot username / Password link the system should navigate the user to the forgot username / Password screen.
BR09	If the user is inactive for 10 minutes, the system should log out automatically for security.
BR10	User doesn’t receive OTP to the registered mobile number, the user need to contact the bank branch or the platform admin.
